WORK EXPERIENCE

Front End Angular Developer
OSSS Consulting services Pvt Ltd

JAN 2022 - Present
Nizamabad, India

Key responsibilities and challenges:

- ◇ Developed and maintained front end web applications using Angular framework, HTML, CSS, and TypeScript.
- ◇ As a **Front End UI Developer** Developed application for both desktop and mobile operating systems.
- ◇ Created the architectural **high level and low level** design.
- ◇ Coordinate with a team of UX and UI developers to build quality web-applications with cross - browser compatibility.
- ◇ Kept up-to-date with the latest trends and advancements in Angular and web development to continuously improve skills and knowledge.
- ◇ Contributed ideas and suggestions in team meetings and delivered updates on deadlines, designs and enhancements.
- ◇ Worked on bug fixes and provided timely solutions to reported issues from the QA team.
- ◇ Implemented state management using Angular services, RxJS Observables.

PROJECT

Vidyut cloud project - Angular

- ◇ Led the front- end development for an E-commerce domain, ensuring a seamless and user-friendly experience. The major services include sales of electrical accessories like transformers, solar panels, motors and batteries.
- ◇ Created different modules, components, pipes and directives in Angular as per business requirements.
- ◇ Implemented responsive web design techniques to ensure that the e-commerce website functions well across various devices and screen sizes, providing a consistent user experience on desktops, tablets, and smartphones.
- ◇ Implementation of different types of Quotation forms using reactive forms in Angular.
- ◇ Used HTTP API modules for data binding in application and patch values in applicants existing form.
- ◇ Optimized the frontend performance by applying best practices such as code splitting, lazy loading, and caching. Monitor and analyze website performance metrics (e.g., page load time, time to interact) to identify and address performance bottlenecks Overcame data integration challenges in the user module implementing a custom API, ensuring accurate and up-to-date information to users.
- ◇ Contributed Ideas and suggestions in team meetings and delivered updates on deadlines, designs and enhancements the above project received positive feedback from users, leading to 15% increase in user engagement.
